

Bernadette Fincke

I have been a member of the Friends of South Park for the past three years and was voted in as Co-Chair in the spring Of 2016. I believe that South Park is one of Allegheny County's greatest treasures and I would like to preserve it for future generations. It is not every community that can boast of 2000 acres of park land in their backyard. I think it is important that we as a community maintain, improve, and preserve the park for us and future generations. I am very proud of the work that the Friends have accomplished in a few short years and want to see it continue.

I am a resident of Upper St. Clair, where I live with my husband Jason who is also on the Friends board. Now that our children Jessica and Jared have grown and have lives of their own, we both have some time to give back to the park that we love. My professional experience has been mainly in administrative and software support. I spent several years as software trainer for both private entities and the Community College of Allegheny County. For the past ten years, I have worked as an independent contractor in software support. I grew up in the city of Pittsburgh and graduated from Duquesne University.

I love to travel, read, refinish furniture, attend local theatre productions, walk my dog Murphy at the park, and spend time with our one-year old grandchild Evie.
