

Erin Carter

As the newest member of the Friends of South Park, I am honored to be part of this active group of volunteers making a notable difference in South Park.

A resident of Bethel Park, I am happily married to Kent and we have one daughter Emily. My family and I enjoy many of the features of South Park and are excited to see some new additions as well. Currently, I am employed by Bethel Park School District as a secretary and volunteer as a leader with Bethel Park Girl Scouts. As a Girl Scout leader, I am thrilled with the opportunities available for community service hours for the youth to participate in.

I have been an active volunteer with the Friends of South Park for just about two years and hope to continue to help preserve the park for many generations to enjoy.

My main goals are to preserve the history of South Park while keeping it updated for new generations.

I encourage all those who walk, ride, jog, run or play at the park to spend 1 hour a year helping to make an improvement, clean up an area or volunteer for an event. Join us and take pride in the preservation of our park.

Cleanup Day for Stoltz Road

Blooming Daffodils in South Park
